Powerex Air Compressors are specific to applications where any level of hydrocarbons in the compressed airstream cannot be tolerated. Powerex scroll air compressors use no lubricating oil, thus they are truly oil-less. Powerex also manufactures industry best vacuum systems for medical, industrial and laboratory application.

www.PowerexSales.com

Becker Pumps are the industry leader for reliable and durable oil flooded and oil-free rotary vane, regenerative and rotary screw vacuum pumps and low pressure compressors. Becker Pumps outlast and outperform all the others. The Becker vacuum pump state-of-the-art technology provides consistent, superior performance cycle after cycle.

www.BeckerPumpSales.com

Mattei offers rotary vane compressors for automotive, commercial, industrial, & transit applications. Mattei Compressors are the best choice for applications dependent on a continuous supply of compressed air. Their rotary vane technology produces unmatched efficiency, service life and cost-effectiveness. Mattei has the highest efficiency period.

www.MatteiSales.com

The Hydrovane series rotary sliding vane compressors are reliable, versatile, powerful and cost effective. They are the perfect choice for reliable, high quality compressed air.

www.HydrovaneSales.com

Champion compressors are energy efficient, quiet and reliable. Choose from a wide variety of rotary screw and rotary vane air compressors to fit all your needs from part load to full load applications, low purchase price to the greatest in energy efficiency, direct or belt driven. Rely on Champion.

Drain-All® Condensate Drains have been the industry leader for over 20 years. Drain-All's extensive line of patented, zero-loss condensate drains provide energy-saving, performance-improving solutions for many compressed air and compressed gas system applications.

www.DrainAllSales.com

Parker, Domnick Hunter, Airtek, and Hiross purification and separation technologies offer premium compressed air dryers. Parker's high performance air dryers offer industry-leading protection for compressed air systems.

www.DomnickHunterSales.com

BEKO Air Dryers and BEKO Condensate Drains are the industry leader standard for reliable and efficient compressed air. For more than three decades, BEKO has developed, manufactured and sold high-quality components and systems for compressed air processing and condensate technology. Don't accept an imposter, buy the best.

www.BekoSales.com

Parker Zander offers a high quality line of compressed air dryers. From refrigerated and desiccant dryers to condensate management Parker Zander has innovative solutions with industry-leading adsorption, refrigeration and membrane technologies.

Firefighting Equipment

Key Booster Fire Hoses are the industry standard for reliable and durable fire hoses and related products. No one makes a better fire hose. Key Fire Hose is the largest and international leader in fire hose manufacturing.

www.KeyHoseSales.com

Hannay is the originator of the industrial grade hose reel. Hannay alone manufactures the best and longest lasting reel for thousands of applications from industrial manufacturing, agricultural, marine, aerospace, military and more. Hannay has thousands of standard reels for quick deliveries and has a dedicated facility for custom reels. Hannay is simply the best!

www.HannayReelSales.com

COXREELS manufactures heavy duty professional grade hose reels and cord reels of the highest quality. Their comprehensive selection of reels includes spring retractable, hand crank and motorized hose, cord and cable reels and their patented EZ-Coil Safety Series spring retractable reels for controlled rewind.

www.CoxReelSales.com

Reels

Reelcraft manufactures the most extensive line of hose reels, cord reels and cable reels. Their heavy duty hose reels are used in the light, medium, and heavy industry, automotive service and a wide variety of OEM applications. Reelcraft reels are offered in spring retractable, motor driven and hand crank rewind and can handle hose lengths up to six hundred feet and ranging from 1/4 inch to 4 inches in diameter.

www.ReelcraftSales.com

Hosetract is a respected quality leader in the hose reel market place. Made in the USA, Hosetract Reels feature compact sizes, heavy gauge metal, maintenance-free design, high gloss durable powder-coat or stainless steel, & corrosive-resistant zinc fasteners.
